What's up with this crazy weather!!!

WOW! has this weather been crazy?

Between the wind, rain and temperature fluctuation, it has really been a challenge for some of us to get up in the air!!

I have been successful about 4 times in the last 2 weeks though, I know, the wind forecast has been nuts. But once I got up in the air, it was really calm and beautiful!

I hope you all have been able to dust off ole wings and get some air time!

The weather is looking very promising for this weekend and the rest of spring. So let's get out and at some places!!

Let me know if you are going somewhere and want others to meet you or you would like some company!
